No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                               .....YELIQPSNAPIFINSTCAFI 476

GENERAL INPORMATION:

APPLICANT: National Institute of Agrobiological Sciences.

APPLICANT: The Institute of Physical and Chemical Research.

APPLICANT: The Institute of Physical and Chemical Science.

TITLE OF INVENTION: PULL-LENGTH PLANT CDNA AND USES THEREOF

FILE REFERENCE: MOA-A0205Y1-US

CURRENT APPLICATION NUMBER: US/10/449,902

CURRENT APPLICATION NUMBER: US/202-203269

PRIOR APPLICATION NUMBER: UP 2002-203269

PRIOR PILING DATE: 2002-05-30

PRIOR PLING DATE: 2002-05-30

NUMBER OF SEQ ID NOS: 56791

SEQ ID NOS: 56791

SEQ ID NOS: 56791
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            Length 349
